

Briefing Notice

Congressional Climate Camp:

Non-CO2 Greenhouse Gases

Thursday, February 23, 2023

2:00 - 3:30 PM EST

Donuts Provided

U.S. Capitol Visitor Center Room CVC 268

Please RSVP: www.eesi.org/022323camp#rsvp

Live webcast will be streamed at: www.eesi.org/livecast

Ready to make a difference in climate policy? But not sure where to start? We have you covered. The **Environmental and Energy Study Institute (EESI)** invites you to join us for our start-of-the-new Congress briefing series, Climate Camp. We will go over the basics of the legislative process, highlighting key areas and opportunities for climate mitigation and adaptation policy.

Although carbon dioxide (CO2) is the most commonly discussed greenhouse gas, there are many other gases and pollutants that also contribute to global warming, including methane, nitrous oxides, and fluorinated gases. **Our third session in EESI's Congressional Climate Camp series** will discuss how these gases play a part in climate change, as well as solutions for limiting their effects. Presenters will highlight federal and international policy actions, including the Kigali Amendment to the Montreal Protocol, that address the warming potential of non-CO2 greenhouse gases.

Speakers for this forum are:

- **Gabrielle Dreyfus**, Chief Scientist, Institute for Governance and Sustainable Development
- **Susan Aneberg**, Associate Professor of Environmental and Occupational Health and of Global Health at the George Washington University Milken Institute School of Public Health; Director of the GW Climate and Health Institute
- **Debbie Gordon**, Senior Principal, Climate Intelligence, RMI
- **Eric Davidson**, Professor, Appalachian Laboratory, University of Maryland Center for Environmental Science

Congressional Climate Camp schedule:

- [Budget and Appropriations](#) Recording Available
- [Public Polling](#) Recording Available
- Feb. 23 [Non-CO2 Greenhouse Gases](#)
- March 9 [Implementing the Inflation Reduction Act and Infrastructure Investment and Jobs Act](#)

This event is free and open to the public.
